**WHAT YOU NEED**  
Orange and hot pink UV/LED gel polish, crystals, bullion, UV/LED base gel, UV/LED matte top coat, transfer foil gel, gold foil, detailer brush, tweezers.

**GETTING PREPARED**  
Set your table with only the materials you will be using.

## CREATE THE BASE AND FOIL DESIGN

1 Polish half of the nail with orange UV/LED gel polish and the other half with hot pink, blending the two together; cure.

2 Repeat for better coverage and a better fade; cure.

3 Apply translucent glitter UV/LED gel; cure.

4 Take gold foil and press it randomly across the nail to give a distressed gold effect.

5 Cover with UV/LED matte top coat and cure.

6 Use a detailer brush to apply UV/LED base gel wherever you want to add your crystals.

FINISH WITH BLING

**7** Pick up crystals with tweezers and place in a pattern.

**8** Add UV/LED base gel between the crystals of your design.

**9** Use a brush dipped in UV/LED base gel to add bullion around the crystals for added effect; cure.
