**WHAT YOU NEED**  
Nail file, washable buffer, UV/LED base gel, UV/LED non-wipe top gel, UV/LED gel colors, gel brushes, gel cleanser, art stickers, art foil, gold leaf, tweezers, a UV/LED lamp.

**GETTING PREPARED**  
Prepare your table in an organized manner eliminating cross contamination from the products. Make sure all necessary products are within hand's reach, so the products are ready to use on the nail desk.

**1** Prepare your tip by sizing & filing to shape.

**2** Apply UV base gel & cure.

**3** Apply UV/LED gel base color & cure.

**4** Apply a rose color & blend the two colors & cure.

**5** Apply UV/LED base gel & cure then wipe off the inhibition layer.

**6** Stick the art foil onto the bottom surface area of the nail tip.
