ART DECO ROSE

Angee Loo

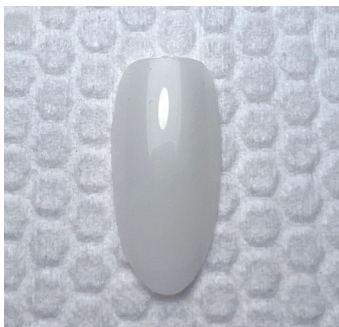

In 2012 Angee Loo achieved a diploma in *Nail Technology* from the Cindy Nail & Body academy in Penang, Malaysia. Very soon after, Angee was crowned *Bridal Diamond Nail Art Champion* 2012. Since this time, Angee has opened a successful salon (2013) and the *Bubu'A House Int'l Nail Academy* (2015) in Pulau Pinang. Multi-award winning Angee has seen many milestones in her career, and since qualifying as a Cuccio Master Educator, has travelled extensively to update her skills, network, as a judge and ambassador for the nail brand.

WHAT YOU NEED

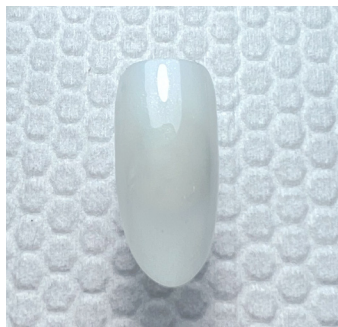

Cuccio Metal Nail File, Cuccio Nail buffer, Cuccio Pro5 LED lamp, Cuccio Universal Base, Cuccio brush-on Builder Gel, Cuccio SOH Gel (CPSK2451, CPSK2311, CPSK2151, CPSK2161), Cuccio No Clean Top Coat, Cuccio Finishing Wipe, Cuccio Master Artist brush & tools kits, Cuccio Antibacterial Cleansing Spray, glitter flakes, painting Gel in black and white

GETTING PREPARED

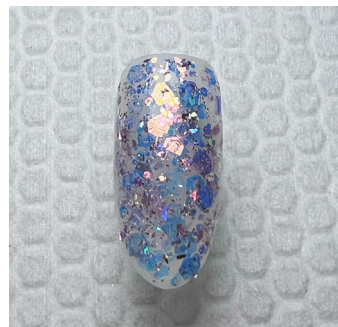

Prepare your table in an organized manner eliminating cross contamination from the products. Make sure all necessary products are within hand's reach, so the colors are ready to use on the nail desk.

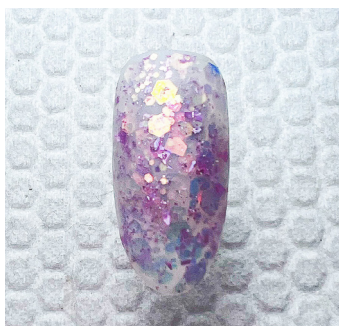

1 Prepare the nail tip in the shape of your choice, then apply base coat.

2 Apply SOH Gel-CPSK2451 & cure.

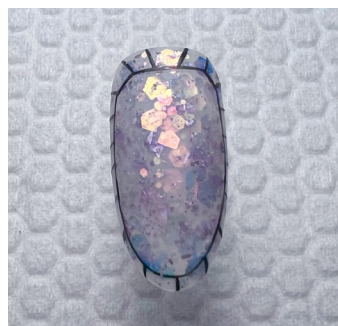

3 Apply a thin layer of Builder Gel & sprinkle on glitter flakes, then cure. After the cure, cover the whole uneven surface with Builder Gel & make sure the surface is smooth before you cure.

4 Clean away the sticky inhibition surface layer with a lint-free wipe & cleanser, then buff the whole surface until it goes matte.

5 Clean up the nail surface with Cuccio Cleansing Spray, then draw a frame with black painting gel & cure.

6 Draw short lines outside of the frame & cure.

7 Draw the outline of a rose & its leaves, then cure.

TAG THAT *trend* ART DECO ROSE BY ANGEE LOO

8 Fill in the rose & leaves with SOH Gels in CPSK2311, CPSK2151 & CPSK2161, then cure.

9 Repeat the outline drawing of the rose & leaves, then cure.

10 Add some lines using white painting gel to give the design highlights, then cure.

11 Apply a layer of Builder Gel to cover up the uneven surface & to give the nail a glass effect. Cure it & apply No Cleanse Top Coat, then cure.

In this workbook you have learned how to design a nail in an art deco style. Creating an almost stained glass effect, following these 11 simple steps makes a complicated end design really easy to achieve.
