NAIL MAGNETISM

Genki
Itou

Genki Itou is a renowned Japanese manicurist celebrated for his innovative nail art techniques and contributions to the nail industry. With a career spanning over a decade, Itou has gained recognition for his meticulous attention to detail and creative designs. His expertise extends to both traditional and modern nail art, making him a sought-after professional in Japan and internationally. Itou's work not only highlights his technical skill but also his ability to push the boundaries of nail artistry, earning him a prominent place among leading figures in the field.

WHAT YOU NEED

Gel Base coat, Black Gel, Magnetic Gel Polish various colors, Clear Builder Gel, Tweezer, Scissors, Gel Top Coat.

GETTING PREPARED

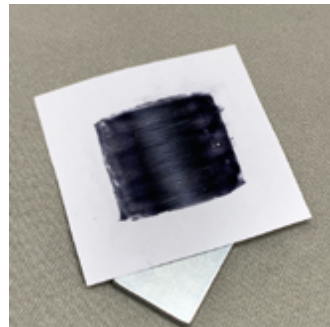

Prepare your table in an organized manner, eliminating cross-contamination of products. Make sure all necessary products are within hand's reach, so the colors are ready to use on the nail desk.

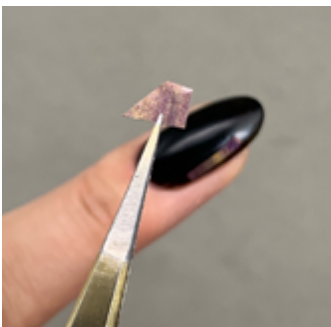

1 Apply Gel Base to the nail & cure.

2 Apply a coat of black gel polish & cure; apply a second coat of black gel polish if needed for a complete & even coverage.

3 On the slick-sided paper square, apply magnetic gel polish, use a magnet to create effect & cure.

4 Trim the magnetic gel sheets to the desired shape & apply shapes to nail to create your design.

5 Apply a coat of Clear Builder Gel over the entire nail to smooth & fill in any unevenness and cure.

6 Apply Gel Top Coat & cure for the finished look.
